#### PROFESSIONAL SUMMARY

As a highly motivated junior full stack developer with a solid foundation in the MERN (MongoDB, Express, React, Node.js) stack, I am eager to bring my skills and passion for coding to a new team. With a strong understanding of JavaScript and experience working with React and Redux, I am well-equipped to develop scalable and responsive web applications. Additionally, I have experience working with MongoDB and building RESTful APIs with Express and Node.js. With a keen eye for detail and a commitment to writing clean, maintainable code, I am confident in my ability to contribute to your team's success. As a quick learner and team player, I am excited to work alongside experienced developers to grow my skills and build innovative solutions.
